### Technical sheet grip taper with battery

#### Product

Each Taper will be sold with 1 battery, charging point and different plug adapters.

#### Storage

The product should be stored in a dry place out of direct sunlight at a temperature not greater than 25°C as the battery may overheat which will reduce the performance or shorten the service life.

#### QTY on pallet

48 units - 1 unit and battery per box

#### Caution:

- Do not use the battery if it gives off an odour, generates heat, becomes discoloured or deformed, or appears abnormal in any way.
- If the battery leaks or emits an odour, immediately remove it from the proximity of any exposed flame
- If the battery leaks and electrolyte gets in your eyes, do not rub them. Instead, rinse them with clean running water and immediately seek medical attention.
- If a device is not used for an extended period, the battery should be removed and stored in a cool, dry place. Otherwise, resting or reduced performance may occur.
